WE WANT TO MAKE **YOUR** MUSIC VIDEO

TOUR PROMO

THE STORY BEHIND THE TOUR

WHAT IS IT?

Ben Hammel loves directing, filming, and editing music videos. He came up with the idea to work on at least 1 music video in every state, and decided to embark on the Music Video Tour! The tour offers a variety of music video packages for artists with a range of budgets across the U.S.

WHAT'S INCLUDED?

Each package includes everything from pre- through post-production. After our initial meeting(s), we'll plan your shoot in its entirety. We'll be in constant contact with you before your shoot, and send you a custom Shoot Day Outline Packet that will lay out your shoot day in detail. All you'll have to do is show up!

WHAT TO EXPECT

We know that shoots can often be hectic and stressful with a ton of moving parts. We take a different approach and make quality music videos in a more organized, relaxed manor. Don't expect a huge crew and tons of equipment.

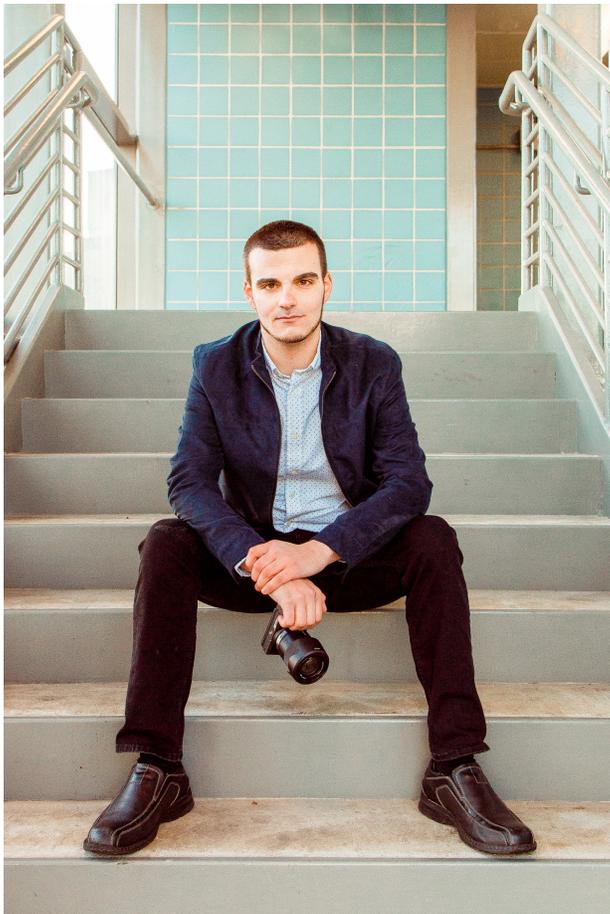

We want you to feel that you are working with a friend.

COVID-19 PROCEDURES

We are taking numerous precautions to ensure the health and safety of everyone involved in our music video productions.

Some of these steps include:

- Mandatory mask requirements for all individuals while not on-camera
- Pre-shoot health screening of all participants
- Limited number of participants or staggered shoot times (depending on local and state regulations and infection rates)
- Hand sanitizer & masks provided on-set (when available)
- Adherence to all state and local regulations
- Enhanced sanitation measures
- And more

Additionally, Ben Hammel Productions will provide a full list of rules and regulations related to COVID-19 before each shoot that all participants must follow. Failure to comply may result in the cancellation of the shoot without a refund. Above procedures may be changed depending on the pandemic. We have also implemented a special COVID-19 cancellation policy. Review our Terms & Conditions to learn more.

WHAT PEOPLE ARE SAYING

Working with Ben Hammel, this guy is the real deal. He and I began working back in 2016 and his growth is undeniable! He's always challenging his creativity and editing skills. I rarely ever see him lose his cool while shooting. He adapts so well, while I panic at the slightest issue. Having his calm, chill demeanor on set as the videographer/director puts me at ease. He's very professional, humbled, collaborative, confident and detailed oriented. He goes into every project with some type of blueprint or plan of execution. I see Ben Hammel going far in his career. He's not just a dope videographer to me. He's a wonderful human being and a great friend. This is only the beginning. He just better not forget me in the process.

- **Jameson Glover, Recording Artist**

Ben is a pleasure to work with. He goes out of his way to ensure the quality of his work. He communicates regularly which is something that is crucial to me when working on something I am passionate about. Both the videos on my channel are shot and edited by him and I could not be happier. I would recommend him for any of your projects as you are guaranteed to get what you want.
